

Product Replacement Notice

3M™ Versaflo™ M-106/M-107 Faceshield
Replaced by M-206/M-207 Faceshield

17 January 2019

Dear Customer,

This communication is to inform you that the 3M™ Versaflo™ M-106/M-107 Faceshield is being replaced by M-206/M-207 Faceshield with immediate effect.

3M™ Versaflo™ M-106/M-107 discontinued stock numbers are shown in the table below:

SAP Id	Product Description
7000104033	3M™ Versaflo™ M-106 Faceshield (General faceseal)
7000104034	3M™ Versaflo™ M-107 Faceshield (Flame resistant faceseal)

3M™ Versaflo™ M-206/M-207 replacement stock numbers are shown in the table below:

SAP Id	Product Description
7100140471	3M™ Versaflo™ M-206 Faceshield (General faceseal)
7100140472	3M™ Versaflo™ M-207 Faceshield (Flame resistant faceseal)

M-206/207 offers additional EN 812:2012 bump cap protection compared to M-106/107 at a comparable price as well as eye and face impact protection to EN 166:2001.

M-206/M-207 faceshield also meets TH3 and Class 3B requirements to EN 12941:1998 + A2:2008 and EN14594:2005 respectively with specific air delivery units (see table below):

Powered Air Unit/ Supplied Air Unit	Standard/Classification
3M™ Versaflo™ TR-602E Powered Air Turbo	EN 12941:1998 + A2:2008 TH3
3M™ Versaflo™ TR-302E/ TR-302E+ Powered Air Turbo	EN 12941:1998 + A2:2008 TH3
3M™ Versaflo™ TR-802E Powered Air Turbo	EN 12941:1998 + A2:2008 TH3
3M™ Jupiter™ Powered Air Turbo	EN 12941:1998 + A2:2008 TH2
3M™ Adflo™ Powered Air Turbo	EN 12941:1998 + A2:2008 TH2
3M™ Versaflo™ V-100E/V-200E/V-500E Supplied Air Unit	EN 14594:2005 3B

Finally, all spares and accessories used with the M-106/M-107 faceshields may be used with the M-206/M-207 faceshields and will continue to be available.

Please consult with your local 3M Representative should you require further information.

Sincerely,

Mark Andrews – Product Manager, Powered & Supplied Air
