

GrittyFOAM® Dispenser

Product Information Sheet

Description: robust, wall-mounted push-button heavy duty foaming hand cleansing dispenser incorporating the unique GrittyFOAM® patented foam pump technology. The unique foam format combines effective heavy duty hand cleansing ingredients with suspended non-abrasive bio-scrubbers to provide fast, powerful yet gentle cleansing.

Usage: for exclusive use with GrittyFOAM® 3.25 litre hygienically sealed cartridges . Use GrittyFOAM® as part of a dedicated Deb skin care system which can be tailored to meet the skin safety and hand hygiene needs of any industrial workplace.

Method of Use: firmly push the large button all the way back to infuse the liquid cleanser with air and dispense an optimal dose of rich-cream heavy duty foaming hand cleanser.

NOTE: dispenser pump is supplied factory-primed, therefore, after dispenser installation only, press button 10 times to evacuate priming fluid from pump.

Feature	Benefit
Patented Foaming Technology	Transforms 3ml of heavy duty hand cleansing liquid into up to five times its volume in rich-cream foam containing uniquely suspended bio-scrubbers™.
Optimal dose	Unique foam format delivers the optimum amount required for an effective hand wash, providing up to 45% more hand washes per litre compared with traditional hand cleansers.
Hygienically Sealed Cartridge	The cartridge is ultrasonically sealed during the manufacturing process to protect the product. The unique patented pump is designed to prevent air ingress into the cartridge during normal use and thus minimise the risk of external contamination.
No Wastage	As no air passes back through the pump the hygienically sealed cartridge collapses during normal use to maximise evacuation of product.
Simple Cartridge Replacement	Designed exclusively for use with GrittyFOAM® cartridges to enable replacement in seconds and reduce maintenance time and costs.
Unique Locking Mechanism	Helps prevent unauthorised access, theft and product contamination.
Sight Glass	Indicates the level of product in the cartridge which helps identify when product needs replacing.
Colour-Coded	Easy visual identification of product type encourages correct product usage and complements the Deb skin care system.
Usage Illustrations	Simple to understand and language neutral to show best practice method of use; ideal for multinational workforces.
Guaranteed for Life	GrittyFOAM® dispenser is manufactured from durable plastic components and is rigorously tested for high usage environments, providing assurance of quality and long-term cost efficiency.
BioCote® Protected	GrittyFOAM® dispenser is exclusively protected by BioCote® a silver-based antimicrobial agent that is incorporated into the plastic components at the time of manufacture and inhibits the growth of a broad spectrum of bacteria and moulds. BioCote® will not wear-out or rub-off and is effective for the lifetime of the dispenser.

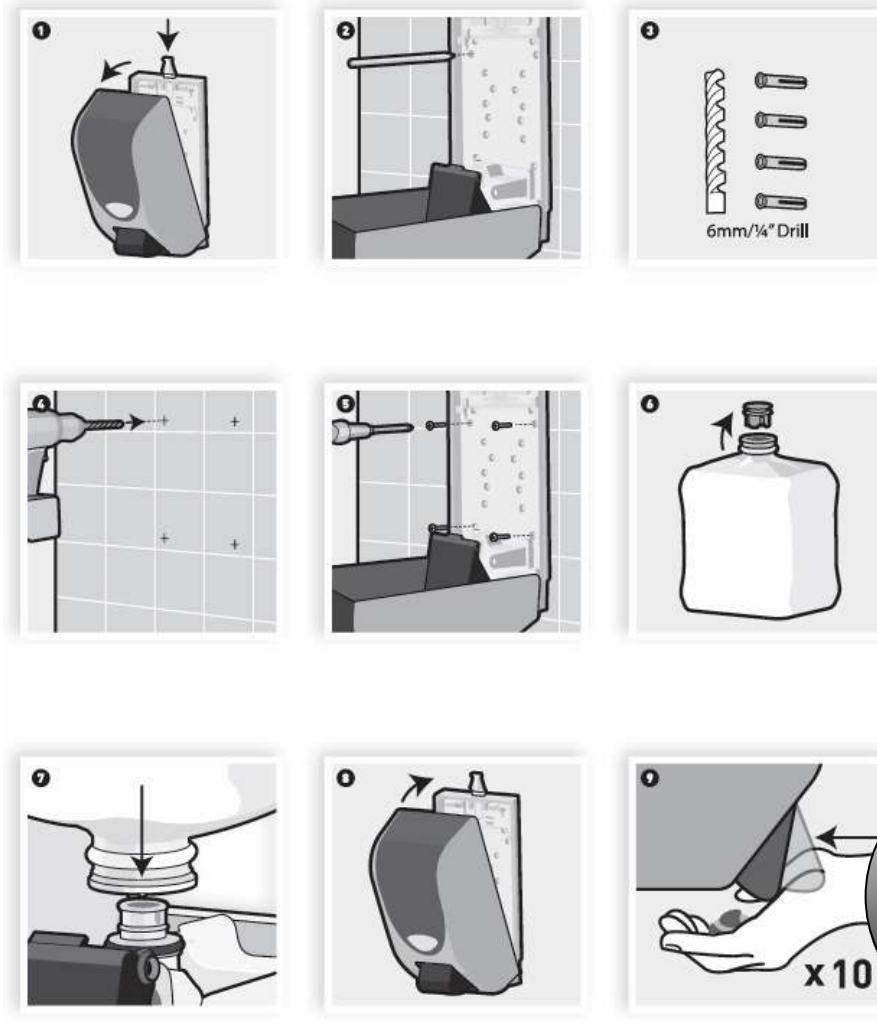

GrittyFOAM® Dispenser

Installation Instructions

Firmly push button all the way back for optimal foam
