## New Tyvek® Impervious Technology!

Hood shape to perfectly follow head movements and mask fit

Elasticated thumb loops

Highly visible, orange stripes for easy identification

New, improved design for freedom of movement even in confined spaces

Integrated chin flap for increased liquid protection and better fit with full-face masks

Tyvek® zipper with adhesive flap for optimum protection

Elasticated cuffs, ankles and waist for optimum fit

Stitched and over-taped seams offering equal barrier as fabric

\* Additional taping of cuffs, ankles, hood and zipper flap required to achieve Type 3 liquid tightness.
